## OBJECTIVE

---

Final-year Computer Science and Technology student with practical experience in cloud computing, web development, and DevOps practices. Proficient in Azure, CI/CD pipelines, and MERN stack applications, with strong problem-solving and teamwork skills for contributing to innovative projects.

## EDUCATION

---

**Bachelors of Computer Science & Technology**, Silicon University

Expected 2026

**Diploma in Computer Science & Engineering**, C. V. Raman Global University

2020- 2023

## TECHNICAL SKILLS

---

- Programming language: Python, C, Basics of Java, SQL
- Platform Or Tools: Microsoft Azure, VScode, Jupyter Notebook, Docker, Oracle Databases, MySQL
- Other: Linux, Windows
- Web Development: HTML5, CSS, JavaScript, React, MongoDB

## TRAINING & CERTIFICATIONS

---

### Azure Trainee, Ingenious-Tech World

june2024 – july2024  
*Bhubaneswar, Odisha*

- Configured and deployed **Azure Virtual Machines**, managing storage and cloud environments.
- Developed and deployed basic **cloud-native applications** with scalability and security focus.
- Collaborated with mentors to understand **cloud architecture best practices**.

### Mernstack Trainee, Codebeat

june2025 – july2025  
*Bhubaneswar, Odisha*

- Developed and deployed **dynamic full-stack web applications** using the MERN stack.
- Implemented **user authentication, API integration, and responsive UI design**.
- Worked on end-to-end development including frontend, backend, and MongoDB database operations.

## PROJECTS

---

### Job Tracker

- Developed **Job Tracker App** using MERN stack and Tailwind CSS
- Implemented auth, CRUD ops, and file uploads with MongoDB Atlas.
- Delivered a responsive UI with optimized component design.

### Azure CI/CD Pipeline

- Built **CI/CD pipeline** using Azure DevOps for automated build and deploy.
- Deployed **frontend and backend** to Azure App Service with environment configs.
- Configured **scalable cloud-native deployment** improving reliability and speed.

### Portfolio website

- Created a **personal portfolio website** using **React, Typescript, and Tailwind CSS** with smooth animations.
- Set up a **Node.js + Express backend** to serve the site and handle basic configuration.

### Quiz Website

- Built a **quiz platform** using **HTML, CSS, and JavaScript** with database support.
- Added **Java-based backend** for dynamic questions and automatic scoring.

## EXTRA-CURRICULAR & SOFT SKILLS

---

- **Communication:** Effective in presenting ideas clearly in-group and solo activities, fostering understanding and Collaboration among peers.
- **Teamwork:** Proven ability to work collaboratively in both academic and event organization settings.
- **Leadership:** Organized campus events as part of Silicon Creative Club, gaining experience in teamwork, leadership, and project management.
- **Problem solving:** Strong analytical skills used to troubleshoot and resolve technical challenges.
